**FROM VENEZUELA.**—Intelligence.—From Venezuela has been received at Philadelphia on the 5th ult. of the interior in place of Dr. Revenga, receiving that he did not serve with an unopposed law. Governor, the minister of Finance, who was said to be a member of the opposite party. Congress did not sit on the 1st, but had been passing a bill on the 2d. Government in its present condition is very weak. By this a variety of the projects of the soul, heretofore popular in making such attempts as those made by the law of nations and the representation of the blockade, are now adopted and other important ones are increased ten per cent. All this hinders the trade and commerce of Venezuela.

**CHOLERA.**—Some our papers of Monday was it, and death cases from Cholera in this city. We also get news of several new cases. We also get news of cases up the river, near the mouth of the creek, one of which proved fatal. In Lexington there is cholera. There were some forty cases on Friday, and seven deaths on Sunday night.
